Dear Dick and Jones,

Herewith two Thermofaxes showing a deposit of the NBC assassination coverage for ~~both~~ 11/22-24/67 at the Library of Congress in July-about which there has been total silence.

I am working in the Archives part of a day a week again. If I find anything else on thi or on pictures, I'll let you both know.

How about filling me in?

There seems to be no work going on there. Last two times I have been there, no one else was save those with me. Make that three times. I'll be there again next week if there is something I can do for either of you.

Best regrds,
